SMARTENERGY
Digitalising Energy in Europe

The SMARTENERGY six-pack series

Online advanced training & B2B on game changing energy trends

4 topics - 6 online sessions each

Virtual exchanges on H2 technologies

17 February 2021 – 24th March 2021

Hosted by CLEVER cluster

The SMARTENERGY approach to the virtual exchanges and the ClusterXChange program

Participants joining the ClusterXChange virtual exchanges promoted by the SMARTENERGY ESCP-4x, will:

- **Get training on the state of art of important energy technologies**, applications and trends for EU energy transition
- Discover, through the SMARTENERGY hosting partners, **the regional innovation networks and ecosystems** dealing with specific energy topics
- **Get support in matching with local innovation partners** and looking for opportunities

HYDROGEN TECHNOLOGIES

Italy – start 17/02/2021

Energy Communities

Belgium – start 23/02/2021

SMART GRIDS

France – start 04/03/2021

SMART BUILDINGS

Hungary – starting on 12/03/2021

To register, participate to virtual exchanges and get support from SMARTENERGY partners:

HYDROGEN TECHNOLOGIES

17/2

Hydrogen Knowledge Exchange Program ready, set, go.
H2 value chain in Piedmont Region

H. 9.00-11.30
Speakers from: Environment Park, H2IT, Piedmont Region

H.11.30- 13.00
B2B: Meet the speakers

24/2

What is behind the scenes?
Find out H2 labs, researchers, and facilities in Piedmont

H. 9.00-11.00
Speakers from: Environment Park, IIT, Politecnico di Torino, Università di Torino

H.11.00- 13.00
B2B: Meet the speakers

03/03

The stage goes to...
The key players of H2 technologies introduce their companies and activities (1/2)

H. 9.00-11.00
Speakers from: Dolomitech, Hysytech, Punch Torino, IREN, Gruppo SAPIO

H.11.00- 13.00
B2B: Meet the speakers

10/3

The stage goes to...
The key players of H2 technologies introduce their companies and activities (2/2)

H. 9.00-11.00
Speakers from: Acea Pinerolese Industriale, SNAM, Tecnodelta, Solvay

H.11.00- 13.00
B2B: Meet the speakers

17/3

How did they succeed?
Overview of innovative cooperation projects on H2 technologies and key factors

H. 9.00-11.00/
Speakers from: Environment Park, RINA, Tecnodelta, Hensel Recycling, Unito, Polito

H.11.00- 13.00
B2B: Meet the speakers

24/3

What's next?
Looking for opportunities for cooperation, industrialization and market access of H2 solutions

H. 9.00-10.30
Speakers from: Centro Estero Internazionalizzazione Piemonte, EIT, ENEA, Tenerrdis, Tweed

H.10.30- 13.00
B2B: Meet the speakers

Matchmaking session

Book your meetings in the **BtoB session** from 11.30 to 13.00 !

- Click on the event link and access Flux50 network platform (<https://network.flux50.com/events/smartenergy-6-pack-series-hydrogen-technologies-b2b-3/>)
- Create your account
- Log in complete your profile
- **Book your meetings** and share your opportunities!

Next session of our virtual exchanges: 10 March 2021

The stage goes to...

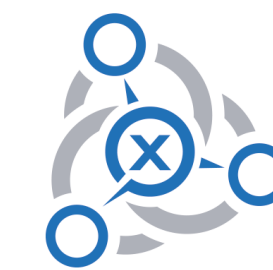

The key players of H2 technologies introduce their companies and activities (2/2)

H. 9.00-11.00 Speakers from: ACEA Pinerolese Industriale, SNAM, Tecnodelta, Solvay

H.11.00- 13.00 B2B: Meet the speakers
