INIZIATIVA CO-FINANZIATA CON FESR

Cluster ID card in 2022

Founded in 2005, Minalogic is the innovation cluster for digital technologies in France's Auvergne-Rhône-Alpes region.

Based at three sites, in Grenoble, Lyon and Saint-Etienne, in 2022 the cluster is promoting activities for a unique ecosystem of some **500 members, including more than 430 companies**, covering the entire digital value chain, universities and research institutes, local administrations and associations, and investors.

Minalogic speeds up **targeted connections** between these parties and enhances their **innovation and business projects**, in France, Europe and internationally.

Topics

Defense/Cybersecurity
Industry 4.0
Creative Industries

Artificial Intelligence
Micro/Nanoelectronics
NewSpace
Optics-Photonics
