#HYPOPPROJECT

Webinar 'Raising Awareness of Hydrogen: Best Practices from the HYPOP Project' - 24 April 2025

Please note that this is a draft agenda, changes may still apply.

Introduction (5 min) (Plenary)

- Welcome and introduction.
- Brief overview of the webinar's objectives and agenda.

Hydrogen's role in Europe's energy future (10 min) (Plenary)

- Introduction to the Clean Hydrogen Partnership.
- Discussing hydrogen's importance in the EU's energy and climate strategy.
- How hydrogen serves as a bridge in the transition to renewable energy sources.

Key insights from the HYPOP (25 min) (Plenary)

- Presentation of the main findings from the HYPOP project.
- Insights into how different sectors—industrial, governmental, and public—can collaborate to drive hydrogen adoption.
- Overview of SLCA results.

Challenges and opportunities (10 min) (Plenary)

- Identifying the socio-economic, technical, and regulatory obstacles that currently impede hydrogen's broader uptake.
- Looking beyond the HYPOP project.

Q/A session (5 min) (Plenary)

- Allow participants to ask questions and seek clarifications on the topics discussed.

Conclusion (5 min) (Plenary)

- Recap the main points discussed during the webinar.
- Thank participants for their attendance and encourage feedback for future webinars.
